Insurance Fee Schedule – VSP Insurance Filter	2
Zeiss and Topcon Interfaces	3

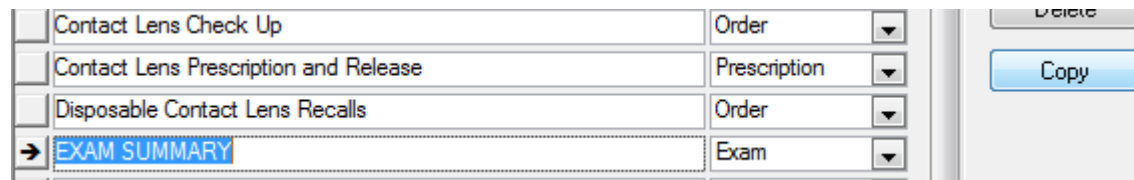

Appointment's Day View Tooltip

The Calendar module's Day view tab will now display a tooltip for each entry, as they are hovered over with the mouse.

Letters Module Copy Button

The Letters Module now includes a Copy button. The Copy button will instantly create a new letter from an existing selected letter.

This allows the user to easily create new letters from existing ones, serving as a good starting point for any new letters that are to be created.

Insurance Fee Schedule – Filter for Lens Treatments

The Insurance Fee Schedule screen now includes an additional filter. It will now be possible to filter for Lens Treatments individually. Before, Lens Treatments were part of the same filter as Other.

Filter									
<input type="radio"/> Lens <input type="radio"/> Other <input type="radio"/> Services <input checked="" type="radio"/> Lens Treatments									
Lens Style	Lens Material	Procedure	Description	Type	Charge	Eligible	Insurance Pays	Patient Pays	Co-insurance
